SUMMARY

This is a really lovely executive sized lot in beautiful Worthington farm country. Almost 11 acres with approximately 1400 feet of road frontage provides several idyllic locations for your building site (or sites!). The driveway has been approved and will be installed this summer. You get all the Canadian feels in this great mixture of topography, rolling land, heavily wooded with areas of Cambrian Shield rock, and a variety of towering mature trees. This is a great community to live in, just 35 minutes from Sudbury. Local residents enjoy activities at the community centre, walking distance just around the corner, with a playground and skating rink, and the well maintained Walden cross country ski trails begin here. This location also boasts lots of waterways and hunting lands in the area, and a public boat launch just down the road gives
